

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

Hoaxes were the subject of news stories appearing in the Abilene Reporter-News this past week and are worth following up here. One of the hoaxes concerns Madalyn Murray O'Hair's supposed attempt to ban religious broadcasting in this country and the other concerns this nation's tax system.

Edmund Pinto, Associated Press writer, had a story in the Thursday evening edition of the Reporter-News that pointed out what inflation takes bigger and bigger bites of your earnings.

If your salary is just keeping up with inflation, your spending power actually isn't keeping pace because because federal taxes take bigger and bigger bites of your earnings.

This is the conclusion of a new government study which notes that income tends to rise to keep up with inflation. But the bad news is that taxpayers are moved to constantly higher tax brackets while, at the same time, the inflation erodes the real value of tax exemptions, credits and standard deductions.

The report gave this example of how inflation distorts income taxes. A married couple with two children, who file jointly, have an income of \$10,000 and take the standard deduction, had a 1975 federal tax bill of \$709.

Assuming an annual seven percent inflation rate and that the couple's income grew to keep pace, the couple's 1978 income will go up 22.5 percent to \$12,250, but their tax will go up 58.7 percent to \$1,125.

In 1980, with income up 40.3 percent, their tax bill would be \$1,433, an increase of 102 percent from 1975.

And all the time you keep hearing about tax reforms and tax cuts. If this is not a cruel hoax being played on the American people then we are badly mistaken. But the real hoax is the fact that Congress can not balance the federal budget in spite of this tremendous increase in taxes.

The other hoax, while really not as serious, is even more strange.

Have you heard that a famous atheist is petitioning the Federal Communications Commission (FCC) to ban religious broadcasting?

We received an appeal to run a petition against this threat last week and suspected it to be a hoax but before we had a chance to check it out with Congressman Omar Burleson's office, the Reporter-News had a story on it by W. Barry Garrett, chief of the Washington Bureau for the Baptist Press.

In his story, Garrett said, "The unfounded fear of maybe 20 or 30 million church people about this non-existent possibility is the most amazing phenomenon I have witnessed in 19 years of news reporting from the nation's capital."

Yes, that many people have either written or signed petitions asking the FCC not to agree to an imaginary petition by Madalyn Murray O'Hair that does not even exist. Neither is there any other petition before the FCC to ban religious broadcasting. That is what makes this story so amazing, he said.

"If this story were not ridiculous and tragic, it would be hilariously funny. It is simply a colossal hoax," he wrote.

The story appearing in the Thursday morning edition of the Reporter-News goes on to give the background of the matter which apparently started in 1974 and has swelled to gigantic proportions almost a year-and-a-half after the original petition that had nothing to do with either Mrs. O'Hair or banning religious broadcasts was denied.

As we said we received a copy of the petition being circulated along with a request that we run it to gain more letters to the FCC. When we read in the petition that the "Federal Communications Com-

Pipers Win First Half In District

The Pipers won the first half District 7-A championship at Crowell Friday night, defeating the Wildcats 67-59 and started off the second half play with a win over Rotan here Tuesday night, 67-33. The girls who lost to Crowell Friday night, 39-34, also won their first game of the second round with a 53-41 victory over Rotan.

Hamlin will travel to Aspermont Friday night and then host Haskell here Tuesday.

The Pipers stretched their season record to 20-0 with their win over the freshman-dominated Yellowhammers. The Pipers left three seniors on the bench, Delbert Thompson, Charles Brown and Paul Reynolds, and played a number of junior varsity players.

Scoring for the Pipers were Ervina 14, Ronald Brown 16, Gonzalez 6, Jones 6, Lakey 3, Marshall 10, Willis 2, Williams 4, Lain 4, and Wheat 2.

In spite of a bad third period when they were outscored 12-4, the girls defeated Rotan 53-41 after leading at half-time 34-15. Scoring for the girls were Hooper 12, Covington 17, Bell 18, and Gregory 6.

The Pipers outscored the Crowell Wildcats 24 to 6 in the fourth quarter Friday night to win the first half championship in District 7-A, 69-51. The Pipers jumped out to an eight point first period lead, saw the Wildcats cut this to six at half-time and down to two points at the end of the third period. Coach Keith Barrick switched to his full court press at the start of the fourth period and outscored the Wildcats by 16 points.

Thompson had a hot hand to lead the Pipers with 29

points. He was followed closely by sophomore Ronald Brown who had 20 points. Reynolds joined in the scoring with eight points and Charles Brown and Ervina each had six.

The girls dropped their second district game to Crowell, 39-34, to finish up the first half with a 5-2 record. Bell was high for the girls with 19 points, followed by Covington with 9 and Hooper with 6. The girls were tied up at half-time and moved ahead by one point at the end of the third period, but the Crowell girls out scored them 15-9 in the final period to win the first half championship with a 7-0 record.

Hamlin won the boys junior varsity game, 48-44.

The girls' junior varsity team captured the Stamford JV Tourney Saturday with a 14-12 win over the Wylie freshmen. They defeated Knox City JV in the first round, 35-25.

The boys JV team won consolation at the Stamford by defeating the host B team, 60-43. They lost to Knox City in the first round, 42-25.

Literary Club

To Host Arthritis Program Friday

The public is invited to a program on arthritis at the Hamlin Jaycee Community Building, Friday at 2 p.m. sponsored by the Hamlin Woman's Literary Club.

The program will be presented by Steve Nash of Austin, a representative of the Arthritis Foundation. Slides will be used to show how arthritis sufferers can take care of themselves in the home. A discussion period will follow.

Gary Lain Shows Top Barrow In County Show

Gary Lain, son of Mr. and Mrs. James Lain, showed the Grand Champion Barrow of the Jones County Livestock Saturday in Stamford with his champion Duroc Barrow. His brother, Travis, showed the Reserved Champion Duroc Barrow.

Gary is a member of the Hamlin Future Farmers of America chapter while his brother Travis is a member of the 4-H Club.

Gary also showed the Grand Champion Boar of Show. Taking first in the boars over 8 months, he also had a first in both the light and heavy weight Duroc barrows and received a good grade with his commercial calves. His heavy weight Duroc was judged the Grand Champion Barrow. He also had the third best light weight Duroc barrow.

Bill Clayton to Address BCD Banquet Here Friday

BILL CLAYTON
Speaker

Introduced by local Attorney Jack Willingham.
John S. Watts, retiring

The Honorable Bill Clayton, speaker of the Texas House of Representatives, will be the guest speaker for the Annual Banquet of Hamlin Board of Community Development here Friday evening at 7 o'clock in the high school cafeteria.

Clayton, a Springlake farmer, rancher and businessman, is serving his second term as House Speaker and has had a distinguished career in the House of Representatives and has been active in the campaign to provide water for West Texas.

A graduate of Texas A&M University, Clayton will be

president, will give a report on the past year's activities of the BCD and introduce the officers for the incoming year. The new president will be Gary McMillan and serving with him will be Eddie Connally, first vice president; Byron Swank, second vice president; Loyd Burkhart, treasurer; and Mrs. L. C. Bonds executive secretary.

One of the annual highlights of the banquet is the presentation of the coveted Citizens of the Year awards. The presentation this year will be made by Milburn Wink.

The Rev. Howard Jones,

pastor of the First Baptist Church, will serve as master of ceremonies and introduce the guests. Dinner music will be played by Lisa Howard and the entertainment will be a piano medley by Linda Marcom.

The invocation will be given by the Rev. Howard Marcom, pastor of the First United Methodist Church, and the benediction will be by B. W. Briggs, minister of the Hamlin Church of Christ. The Texas State Song and the Star Spangled Banner will be led by Mrs. James Richard Bonds.

Table decorations for the banquet will be furnished by Hamlin Art Club, Hamlin Garden Club, Xi Gamma Pi, Beta Theta, Future Homemakers, Future Farmers, Young Homemakers, Woman's Literary Club, Lions Club, Hamlin Child Care Center, Rotary Club, and Business and Professional Women's Club.

Retiring directors and their spouses will be in the receiving line. Directors who have served the BCD for the past three years are John Ferguson, Mrs. Robert Fowler, John Watts, Mrs. L. H. McBride and Joe Cowan.

Tickets to the banquet are \$4.00 and are available from the directors and officers or may be purchased at the door.

Roy Lane Submits His Resignation As County Tax Assessor-Collector

Roy L. Lane, Jones County Tax Assessor-Collector, submitted his resignation to the Jones County Commissioners' Court Friday. The resignation is to be effective March 1.

Lane, who has served two years of a four-year term, gave as a reason for his resignation the deterioration of his health within the past few months.

It will be the responsibility of the Commissioners Court to name a replacement for Lane to serve the remaining term of office.

In submitting his resignation, Lane said, "It is with much regret, but after due consideration and careful thought and upon the advice

of my physicians and due to the deterioration of my health within the last few months, I feel it is necessary that I submit this resignation."

At the same time that he submitted his resignation to the Court, Lane issued the following statement to the people of Jones County:

"May I take this opportunity to thank each and everyone of you for affording me the opportunity and privilege of serving you as your county tax-assessor collector for the past two years.

"It was not an easy decision for me to make, when I decided to submit my resignation to the commissioners' court this morning, due to health problems that I have had the past few months.

"During my tenure of of-

fice, I have tried to keep a good office staff to serve you; and I hope the service you have had has been up to your expectations.

"I am sure the Court will appoint someone in my place to serve you well. I assure you that I will assist him or her the very best I can in the transition of the duties of this important office.

"I wish for you the people of Jones County the very best."

Scouts to Host Area Camp Out At Lake

The Chisholm Trail Council of the Boy Scouts of America has scheduled the Second Annual Klondike Derby for Hamlin's South Lake Friday, Saturday and Sunday.

Hamlin's Troop 143 will be the host and has extended an invitation to all parents, family members and interested citizens to come out and watch the various scout skills Saturday morning and afternoon and the awards ceremony that evening.

Local scoutmaster Sammy Ferguson expects 300 to 400 scouts from about 30 troops in the Abilene area.

The troops will begin checking in at 4 p.m. Friday. The events start Saturday morning with a flag ceremony at 9:30 and continue through 5 p.m. The awards ceremony is set for 9 that evening.

In addition to the Boy Scout troops expected from the Council, five explorer posts, three from Abilene and one each from Anson and Hamlin, will attend. This will be the first camp out for the Hamlin group sponsored by Greg and Sarah Lievan.

J. O. Murphree, Byron Swank, Ellis West and W. A. Hawkins will be among the 20 adult event judges. The Order of the Arrow, including Steve Campbell and Russell Cary from Troop 143, will assist in judging.

Events include star and constellation identification, knot tying, first aid bandages, fire building with flint and steel, plant and leaf identification, first aid stretcher construction, map symbol reading, trail sign knowledge, map reading and a compass course.

The campsite is located on the southwest edge of the lake. Signs will direct visitors to the site.

Dinner Saturday

The Sunday School Department of Oak Grove Baptist Church will sponsor a dinner Saturday evening, beginning at 5:30 p.m. in Fellowship Hall, according to Louberta Maxwell, Sunday School Superintendent.

Price per plate will be \$2.25.

Council Seeks Opinions On Dog, Cat Ordinance

The Hamlin City Council considered a new dog and cat ordinance at their regular monthly meeting here Monday evening and voted to seek more citizen response to the question through a questionnaire and at a public hearing at the February meeting of the council.

Elsewhere in this issue of The Herald is an advertisement by the Council that outlines the new ordinance and provides a form questionnaire to be mailed to city hall.

The new ordinance differs from the current ordinance in a number of ways. Mainly,

the differences are: covers both cats and dogs, requires dogs and cats be confined to the owners property or be in control of the owner when not on the premises, and sets a new permit fee schedule.

The new fee schedule proposed includes: \$3.00 for each male dog or spayed female, \$1.50 for each male cat or spayed female, \$25.00 for each unspayed female dog, and \$15.00 for each unspayed female cat. The current fee is \$2.50 for all dogs.

As with the current ordinance, the animals must be vaccinated against rabies

before a license or permit may be issued.

During discussion of the proposed ordinance it was pointed out that to fully enforce the ordinance the city would probably have to hire a full time dog catcher at least during the initial period, furnish a truck and do considerable work on an animal shelter.

Section III of the ordinance states that, "No person owning, keeping, harboring, or having custody of any dog to run at large at any time. At Large shall, for the purposes of this Ordinance, mean any dog, when it is off the property of its owner or

keeper, and not accompanied by and under the immediate control of a competent person."

The proposed ordinance also makes it unlawful for a person to fail to exercise proper care and control of his animal to prevent them from becoming a public nuisance, which is defined as excessive barking, molesting passers-by, etc.

It requires that when a dog or cat bites a person the owner must give immediate notice of the fact to the Chief of Police, and the dog can be ordered to be quarantined for two weeks.

In other action the council

called an election for Saturday, Apr. 2, for the election of three members of the council. The election will be held in conjunction with the Hamlin School Trustee election. Members of the council whose terms will expire this year are Buford Bigham, Ernest Williams and Pat Willoughby. Both Williams and Willoughby are serving out unexpired terms.

The council voted to replace the stop signs within the city that do not meet current state and federal standards with ones that do.

Jerry Farnsworth, chief of the Hamlin Volunteer Fire

Department, appeared before the council seeking the city's approval for another rural fire truck. The fire department has received a used truck from Bill Moore, Jones County Precinct One Commissioner. The council accepted the responsibility of providing insurance and maintenance on the vehicle when it is completed and put in service.

Dik Buchland of the Governor's Office of Disaster Services appeared before the council seeking a civil preparedness plan for the city in case of a major disaster.

Neinda Philosopher Takes A Look Through The Wrong End of The Political Telescope

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One takes an inverted look at a few things this week.

Dear editor:
If, so to speak, you look down the wrong end of the telescope, you sometimes get a better view of things.
When for example political leaders say "no new taxes,"

look out for an increase in the old ones. Politicians have been running against high taxes ever since I can remember and taxes have been going up for the same length of time. You reckon we're real bright?
Or take Russia. Right now Russia is telling the world she has a bumper grain crop. This almost automatically depresses the price of grain in the U.S., where farmers

have produced a genuine bumper crop and were hoping to get a good price for it. Since the CIA has never been able to train any of its agents to look out a window to see if Russia has a drought, we won't know whether the Soviets really have a bumper crop or not until, a few months later, they've quietly bought up a lot of American grain at those depressed prices. You reckon we're real

bright?
Another item: according to some figures I read last night, it now costs a million dollars a year to keep a Congressman in office. You reckon... No. I won't ask it. Let's change the subject. I notice that the new Secretary of Agriculture is a farmer, actually operates a farm. I don't care what his salary is as Agriculture Secretary, he'll need every penny of it to

keep the farm going, especially if he has any cattle. Ranching today is like the highway system—it's not supposed to make a profit, it's a public service project. Changing the subject again, I see that Mr. Carter, true to his promise, has put some women in his cabinet, but what I want to know is how's he going to handle the problem, sure to be brought up, about there being no

college or professional football team in the entire country with a woman coach?
Yours faithfully,
J.A.

TIPS ON TRIPS FOR WOMEN

Whether you're going alone or taking the family, it's of primary importance for the woman on the go to plan ahead.

Get any shots you need and pack prescriptions for pills you plan to take. If you wear contacts or glasses, bring an extra pair.

Learn all you can about the places you'll visit, and arrange for your room in advance. When you stay at a Holiday Inn, you can get American as well as local foods. You can call for reservations, so you'll soon be settled wherever you go.

Pack few clothes in basic colors with accessories that can mix and match with them. Break in new shoes before you go and take several pairs so you can change them often. To stay in good

repair, pack a sewing kit, spot remover and soap packets.

Carry a large purse that holds basic grooming aids, an extra pair of stockings and a few dollars in the currency of your first destination.

These tips could help you find traveling something you really go for.

AGENT GIVES TIPS ON— Pruning Ice Damaged Trees

Pruning not only trims back unwanted growth but can generate new growth to a tree damaged by ice, says Kirby Clayton, county agent with the Texas Agricultural Extension Service.

A valuable shade tree can be saved and begin new growth with little or no damage visible if it is carefully pruned. A tree that has been damaged by ice should be pruned at the base of the limb that was damaged. No stubs should remain exposed.

Sometimes the damage may be severe enough to require that a tree be trimmed back to the main trunk or main branch. In this case the wound should be painted with a dressing that can be obtained at any good nursery or garden center, notes Clayton.

Orange shellac serves as a good temporary tree dressing if one is not readily available. A proper wound dressing should be applied to the damaged tree within six weeks, emphasizes Clayton.

Sucker growth can become a problem to the severely damaged tree if it is not continually pruned and cared for. This process may take a few years but it will prolong the tree's life.

Often the bark of a tree may be torn from the side of the main trunk or branch when a limb breaks. This bare section should be smoothed out with a knife or chisel and then coated with the tree wound dressing, points out Clayton.

DECORATING INGENUITY IDEAS TO HELP YOU

New Aid For Selecting Furniture

Almost every person who shops for furniture has a nagging doubt: "The furniture looks great in the showroom, but how will it really look when I get it home?"

One furniture company has come up with a simple and inexpensive method that helps shoppers overcome that doubt by visualizing how a particular piece of furniture will look against that bare wall at home.

The device, from American Drew, is called "The Furniture Fitter," and it's a large booklet of cutouts. Not paper dolls, but paper pieces of furniture—highboys, chests, tables, desks—printed in color precisely to scale on heavy paper.

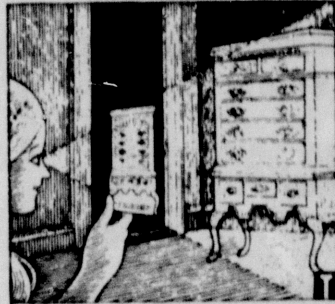

The consumer cuts out the piece that she is most interested in. Then, by holding it in front of her eye and squinting beyond it at the blank wall, the piece seems to materialize against the wall.

The process takes a little experimentation, but works well enough for it to be used in high school consumer education classes.

Altogether, the kit illustrates some 40 pieces and groupings of furniture, from armoires and chests more than six feet high to a vanity table two and a half feet high.

At home decorators can use the cutouts as guides to how similarly proportioned pieces will look. And with imagination and adjustments, the technique could be applied to certain pieces of furniture found in magazines or catalogs.

Those interested in the kit can receive one by sending \$2.00 to The Furniture Fitter, American Drew, P.O. Box 489, North Wilkesboro, North Carolina 28659.

FROM THE FILES . .

FIFTY YEARS AGO
(January 21, 1927)

Thursday evening at the Morgan House the members of the Hamlin Luncheon Club assembled to enjoy a sumptuous luncheon, and to discuss many interesting matters which will be of benefit to Hamlin and surrounding country. One of the most vital topics was the highway situation, Hamlin having recently obtained a designation of Highway No. 51, which extends from Sagerton to Longworth.

This being the first meeting of the new year the following officers were elected to direct the affairs of the Club for the next twelve months. H. O. Casale, president, Martie McCain, vice president, G. H. Tumlin, secretary-treasurer. Directors J. L. Keen, J. S. Inzer, J. W. Ezell, W. F. Johnson, C. B. Gibson, S. C. Ferguson, J. J. Waggoner, J. F. Taylor and W. A. Albritton.

The safeguarding of life and limb and the prevention of accidents and injury to both person and property is being stressed this week in the public schools of Hamlin, through a series of short safety talks to students by Mrs. E. L. McGintie, a special representative of the safety department of West Texas Utilities Company.

The hazards of this mechanical age of swift moving machinery and swift moving vehicles which is yearly adding to the dangers of modern existence as indicated by the constantly mounting toll of victims listed in accident records, is being brought forcefully to the attention of school students in the series of talks and common sense safety rules to be observed at home and on the street are suggested as a means to bring about the protection, not only of the children but of their leaders.

The Merry Marton "42" Club met Wednesday afternoon, Jan. 12th, with Mrs. J. F. Taylor. The living room was lovely with its cozy fire and bowls of narcissus placed about the room. Several interesting games were played, Mrs. Randal holding high score. A delicious salad plate was served to the following: Meedames Day, Rumlin, Fred Moore, Eakin, Randal, Howard, Ezell, McNeale, Pardue, Prater and Moody.

TWENTY YEARS AGO
(January 17, 1957)

"Arsenic and Old Lace," a comedy hit that recently enjoyed a long run on Broadway, has been selected for presentation by the junior class of Hamlin High School.

Doyle Smith, speech instructor and class sponsor, will be in charge of production. Ticket sales and publicity are under the direction of Mrs. Charles Scott.

Heading the cast are Bob Haynes, playing the role of Teddy; with Irene Putnam and Eva Wallace as Abby and Martha Brewster; Joe Stephens plays the role of Mortimer Brewster; and Joyce Hines that of Elaine Harper. Other characters include E. C. Butler, Bob Spaulding, Ronny Owen, Don Drummond, Lanier Foster, Everett Gibson, Billy Murff and Richie Smith.

Threat of an increase in fire insurance rates for the city of Hamlin loomed this week as tabulations of insured fire losses for last year were made by T. W. (Mickey) McGuire, city fire marshal.

One bad fire, that of the Producers Gin, accounted for 75 per cent of the entire year's losses, may prove to be a deciding factor in causing a change in the present fire insurance rate, under which property owners are enjoying a 25 percent good fire record credit on premiums.

President Edgar Duncan, L. H. McBride, B. V. Newberry and Rev. Darris L. Egger, and possibly another member of the Hamlin Lions Club were scheduled to attend a District 2-E Lions Club conference Thursday evening at Mineral Wells.

TEN YEARS AGO
(January 19, 1967)

Steve Feagan, 16, was reported to be doing very well Tuesday at John Sealy Hospital in Galveston where he was taken Monday for treatment of electrical burns received in an accident near here Sunday afternoon.

Steve was seriously burned when a rural power line fell on the car he was in after the insulator had been broken. His two companions, Robert Bailey, driver of the car, and Jimmy Lee Hastings, were able to jump from the car when Jimmy saw the line beginning to sway.

Tickets for the annual Board of Community Development banquet to be held Feb. 17 went on sale Tuesday, following the monthly meeting of the board of directors.

New officers to be installed at the banquet were elected Tuesday as follows: Marvin Carlton, president; Milburn Wink, first vice president; Luther Haught, second vice president; Jerry Williams, third vice president; and Ray Sonnenburg, treasurer.

During the business meeting, with W. T. Johnson, president, presiding, the officers and directors voted to give the four lots at Southwest Avenue A and Fifth Streets to the Hamlin Jaycees as the site for their proposed Youth and Civic Center.

The Pipers and Piperettes captured their second district win Friday night as they defeated Haskell 75 to 69 and 42 to 34 respectively. The Pipers now have a district record of 2-0 and the Piperettes 1-0.

Mr. and Mrs. Cecil Sellers attended the convention of the National Livestock Dealers Association at the Cosmopolitan Hotel in Denver, Colo., Jan. 13-14.

Sellers is past president and retiring chairman of the board of directors of the NLDA.

Mrs. Max Brown has been chosen to appear in the annual biographical compilation "Outstanding Young Women of America," 1966 edition. The book honors 6,000 young women of America each year, between the ages of 21 and 35.

mission has stated that they must receive no less than a million letters to keep Christian programs on the air," we suspected that something was wrong.

To our way of thinking, at least, no federal agency, except maybe the Postal Service, has any desire to receive a million letters. The Postal Service could probably use the postage but the others just have to hire additional help to handle the deluge.

In fact, in Garrett's story, he points out that the FCC has had to hire two new employees in the mail room just to open and count the letters.

The total number of pieces of mail processed by the FCC mail room has now reached nearly 4½ million. In November, 1976, alone, 81,000 pieces of mail were received in 20 working days. This mail count does not include the hundreds of thousands of letter that have been received by the individual FCC commissions nor the mail that has been sent to members of Congress.

How do these hoaxes get started? No one seems to know. This one, like the recent effort to save pull tabs from cans, just seems to grow and grow without any one really knowing where it starts or how to end it.

In this case no one was being hurt or disappointed but the real waste is all of the effort that has gone into this that could have been channeled into something that would really be worthwhile.

A
REASON
FOR EVERYTHING

The giraffe was given a very long neck and legs so that he could feed on the leafy part of trees. The giraffe is the only animal that can not make a sound. We do not know the reason for this. God has revealed many things to us, but not all things. Men delve deeply into theology and find many things that cannot be answered, but God has given us the answer to all things pertinent to our salvation.

Attend church, study God's word and grow in faith.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Delbert Thompson Named to Two Places On All-State Team

Delbert Thompson, one of the top college prospects in the area, was named to the Class A All-State football team selected by the Texas Sports Writer's Association.

A 6-3, 205-pound running back with sprinter's speed, he was picked on both the offensive and defensive units, the only player on the first unit to earn that distinction. He is also regarded as a college prospect as a linebacker.

Thompson is being actively recruited by a number of major colleges, but is apparently leaning towards either the University of Texas at Austin or Texas Tech University.

Thompson was named to both the offensive and defensive District 7-A All-District teams and was chosen All-Area by The Abilene Reporter-News for offensive honors.

In 12 games this past season, as a halfback he lead the Pipers in rushing yardage with 1,728 yards in 238 carries and was one of the top scorers in the area with 148 points. He had a season average of 7.3 yards per carry. During his junior year he played fullback and carried the ball

148 times for 897 yards, an average of 6.1 per carry. His two-year total was 386 carries for 2,625 yards and a total of 196 points. He played tight end as a sophomore.

The huge senior is also one

of the top basketball players in the area and a track standout. He was selected to the All-Regional basketball team last year and is the leading scorer on the Piper's undefeated team this year.

The National Honor Society met last Wednesday to elect the Citizens of the Month and Citizens of the Year.

Citizens of the Month for January are Drew Tomlinson and Julie Willingham.

Citizens of the Year will not be announced until the annuals arrive in May.

The Junior Class met Jan. 11 to begin plans for the Junior-Senior Banquet, which is tentatively set for March 25.

The class will decide on the theme, decorations and menu at their next meeting.

The Hamlin JV boys shot by Crowell's JV's 48-44 Friday evening in Crowell's gymnasium.

Todd Marshall led in scoring with 16 points. Following Marshall were Odis Willis with 13 points, Frank Lane with nine and both Jackie Cork and Marvin Williams with five.

The Hamlin JV's have a season record of 7-5.

The Hamlin eighth grade boys won consolation in the Aspermont Tournament last weekend.

Hamlin fell to Haskell 41-23 in the first game, before greasing Paducah 45-20 to take home the consolation trophy.

The JV girls took first place in the Stamford Tournament last Saturday by squeezing past the Wylie Freshmen 12-10.

The girls advanced to the finals after defeating Knox City 24-16.

The Hamlin eighth grade girls lost to Haskell 45-25 in their first game of the Aspermont Tournament and to Paducah 44-36 in the final game.

County Grants Pay Raises to Most Employees

Jones County officials and courthouse office employees received a 10 percent raise in salaries last Monday during a session of the Jones County commissioners court.

The salary increases were approved after a rather lengthy discussion in which it was determined that it would not require any increase in taxes at this time or before 1980. The raises are designed to partially offset living costs.

In addition, the wages of roadhands were raised from \$26.65 a day to \$30 a day.

There were four exceptions to the 10 percent raise, based on special circumstances.

Several committees were appointed, including a grievance committee. Named to this committee were Mrs. A. J. Mills, Stamford; Bertha Hunter, Merkel area; and George Hayes, Anson.

FOR GOOD HEALTH—Smokers should increase their daily intake of vitamin C to maintain blood levels.

EAGLE EYE NEWS

Compiled by the Journalism Class of McCauley High School
Geneva Carter, sponsor

The McCauley High School basketball girls received new uniforms this past week. They consisted of one complete purple uniform set with white jerseys for home games. It was a great thrill to wear the new suits, the girls said.

District games started Tuesday night for McCauley boys and girls basketball. They took on the Lueders-Avoca Raiders at Lueders-Avoca.

McCauley was represented at the Roby Stock Show by James Kemp, Clint Wheat, Carla Young, Cherie and Jill McKinney, Fonda, Shiela, James and Darren Jeffrey. Fonda Jeffrey won grand champion heavy

weight Limousin steer with "Spike."

The same people attended the Sweetwater Stock Show. Darren Jeffrey got second in his class of light weight steers.

Elections were made for basketball sweetheart and hero last week. The basketball boys named Shiela Jeffrey as their sweetheart. Shiela is a sophomore and plays guard for the girls. She is the daughter of Mr. and Mrs. Jerry Jeffrey.

The basketball girls elected Max Kemp as hero. Max, the son of Mr. and Mrs. Fred Kemp, is a senior varsity player and captain of the team.

The consolidation issue has

been decided once again as the votes, 77 for and 193 against, were counted Saturday night, Jan. 15. We would like to express our thanks to all who came to vote on the consolidation.

Report cards were given Wednesday, Jan. 19. Just six more weeks, and two-thirds of the school year will be behind us.

Elmer Martin Gets Committee Assignments

AUSTIN—Rep. Elmer Martin of Colorado City has been named vice chairman for Environmental Affairs Committee by Speaker of the House Bill Clayton.

Martin, a third term representative, will also be asked to serve on the Agriculture and Livestock Committee.

He is one of 13 members on the Environmental Affairs

Committee which will consider all matters pertaining to air and water pollution, state parks, preservation of wildlife, hunting, fishing and the regulation of Texas fish and oyster industries.

He is one of the 11 members on the Agriculture and Livestock Committee which has jurisdiction over all

matters pertaining to agriculture, horticulture, farm husbandry, livestock industry, the Department of Agriculture and the Animal Health Commission. Last session Martin served on the same committees.

THE HAMLIN CITY COUNCIL IS CONSIDERING A NEW DOG AND CAT ORDINANCE

This council and many before us have faced the problem of dogs and cats and apparently have never found a satisfactory solution to the problem. In an attempt to solve this we have instructed our council to prepare an ordinance that will be both effective and enforceable.

But this ordinance will have a far reaching effect on many of our citizens and will be expensive to implement.

The ordinance, among other things encompasses a Leash Law which will require all dogs to be confined to one's own property or under control of its owner. It is possible that this new ordinance if fully enforced may cost the city of Hamlin as much as \$20,000 to put into effect. This would include a dog catcher and vehicle and a suitable pound.

THE BASIC POINTS OF THE PROPOSED ORDINANCE INCLUDE THE FOLLOWING:

No person shall, without first obtaining a permit from the office of the City Secretary, own, keep, harbor, or have custody of any dog or cat over six months of age. Any such dog or cat found in the City without a permit or license is hereby declared to be a nuisance and shall be impounded as hereinafter provided.

Upon a showing by any applicant for a permit, that he is prepared to comply with all provisions of this ordinance, and upon furnishing a vaccination certificate issued by a licensed veterinarian stating that each such dog or cat has been vaccinated against rabies by him, a permit shall be issued following the payment by the applicant of the applicable fee, as follows:

- (1) For each male dog, or spayed dog—\$3.00;
- (2) For each male cat, or spayed cat—\$1.50;
- (3) For each unsprayed female dog—\$25.00;
- (4) For each unsprayed female cat—\$15.00.

A permit, if not revoked, shall be valid from the date of issue until the following April 1. A renewal permit shall be obtained each year by each owner and a new fee paid. Renewal permits shall be valid for one year, from April 1 to March 31 of each year.

Upon issuing a permit to keep any dog or cat, the City Secretary shall furnish to the owner a tag for each such animal. The owner or keeper shall attach such tag securely around the neck of the animal and it shall be worn at all times when the animal is off the premises of its owner.

The City Secretary may revoke any permit if the person holding the permit refuses or fails to comply with any provision of this Ordinance, or any state or local law governing cruelty to animals or the keeping of animals.

All dogs and cats, male or female, over the age of six months, kept in the City of Hamlin, are required to be vaccinated against rabies by a licensed veterinarian at least once each year.

No person owning, keeping, harboring, or having custody of any dog shall permit such dog to run at large at any time. Any dog found in the City running at large is hereby declared to be a nuisance and shall be impounded as hereinafter provided.

At Large shall, for the purposes of this Ordinance, mean any dog, when it is off the property of its owner or keeper, and not accompanied by and under the immediate control of a competent person.

The Chief of Police, his authorized representative, any City Policeman, or the City Dog Catcher may pick up, take and impound any dog found at large. However, if an animal is found at large and its owner can be identified and located, such animal need not be impounded, but may, be taken to the owner. In such case, the officer shall notify the City Secretary of the violation of this Ordinance and may proceed against the owner for violation of this Ordinance.

Any dog or cat impounded shall be placed in a pen to be provided

by the City of Hamlin for that purpose and called the "Animal Shelter." Impounded animals shall be kept for not less than 72 hours unless reclaimed by their owner. The owner, if known, shall immediately be notified by the City Secretary by telephone or mail.

The owner or keeper may redeem such animal upon payment of \$2.00 per day together with the permit fee if not already paid.

Dogs or cats not claimed after 72 hours will be advertised for sale by the City Secretary for 24 hours by posting notice at the door of the City Hall. The animal will be sold at public auction. If not one shall bid upon the animal in an amount at least equal to the charges due on the animal, the dog or cat shall be bought by the City at once and disposed of.

The owner or keeper of any such impounded dog or cat may also be proceeded against for violation of this ordinance.

It shall be unlawful for any owner or keeper to fail to exercise proper care and control of his dog or cat to prevent them from becoming a public nuisance. Excessive barking, making other loud or unusual noises, molesting passersby, chasing vehicles, habitually attacking other domestic animals or running at large shall be deemed a nuisance.

It shall be unlawful for any owner or keeper to fail to provide animals with sufficient good and wholesome food and water, proper shelter and protection from the weather, veterinary care when needed to prevent suffering, and with humane care and treatment.

Whenever any dog or cat bites a person, the owner or keeper of such animal shall immediately notify the Chief of Police of such occurrence. Such animal shall be quarantined for two weeks if ordered by the Chief of Police or by the Public Health Officer. During quarantine the animal shall be securely confined and kept from contact with any other animal. At the discretion of the officer, the animal may be quarantined on the premises of the owner. If the officer requires other confinement, the owner may at his own expense, place the animal in a veterinary hospital or the animal will be confined in the City Animal Shelter. If confined in the City Animal Shelter the owner shall pay \$2.00 per day.

The sections of this Ordinance requiring a permit shall not apply to non-residents of the City who are keeping dogs or cats within the City, provided that animals of such owners or keepers shall not be kept in the City longer than 30 days without a permit and must be restrained from running at large.

The Dog Catcher or any Policeman of this City shall have the authority to kill any rabid dog or cat, or any dog or cat which manifests a disposition to bite, or any other dangerous dog or cat when it is necessary for the protection of any person or property.

Any person, firm, or corporation violating any provision of this Ordinance, shall be fined not less than \$5.00 nor more than \$100.00 and a separate offense shall be deemed committed on each day during or on which a violation occurs or continues.

YOUR VIEWS ON THIS SUBJECT ARE NEEDED. A PUBLIC HEARING WILL BE HELD AT THE NEXT COUNCIL MEETING, MONDAY, FEB. 21, OR YOU MAY FILL OUT THE FOLLOWING SURVEY AND MAIL TO THE CITY SECRETARY OR DO BOTH.

Writer Expresses Gratitude to McCauley Friends

To the Editor,
I would like to express my deepest gratitude to my many friends in the McCauley Community who have shared their love and consideration in the consolidation election that was proposed.

To all the many friends of Hamlin, I have no bitterness in my heart. This is my third time to witness a consolidation election. Each time I have prayed it would bring a greater togetherness with our community. All my life has been spent in and around McCauley, beginning with my grandfathers to my father and mother and my four children who have graduated from the McCauley School. My heart will always remain in the McCauley Community. I love my church and all the wonderful people who have fought to keep our school and community.

To the 77 voters who voted for consolidation, that was their freedom to vote as they believed. I hold no bitterness toward them. I pray with all my heart that until God calls us to our Heavenly Home, we can live in harmony with everyone. Also, when the time does come for consolidation it will be because the state chose it to be that way. Then the voters can vote the way they see fit.

I served as election judge for the McCauley School, as I felt I owed my life and time to the many wonderful people

who have gone, are still going, and will begin to start their life in the McCauley Public School.

Sen. Farabee Reports On Opening Week In Austin

State Senator Ray Farabee joined other Senators and Representatives in Austin this past week as work began in the 65th Session of the Texas Legislature. First week activities included assignment of legislators' committee posts and the Governor's State of the State address.

Senator Farabee's committee appointments included his reappointment to the all-important Senate Finance Committee. Farabee expressed his pleasure at that assignment saying that "membership on the Finance Committee affords me the opportunity to take an active role in seeing that we keep a lid on state spending."

Farabee was also pleased that he was reappointed to the Natural Resources and Jurisprudence Committees. Farabee noted that the Natural Resources Committee would monitor legislation dealing with agriculture and energy, both of which are vital to the economy of the 30th Senatorial District. Farabee is also a member of the Natural Resources Subcommittee on Energy. "This appointment," Farabee stated, "will provide us in North and West Texas with a real voice in the shaping of policies which affect the vast energy resources in our area."

Committee assignments and committee organization were a big part of the activity of the first week but the initial days of the 65th Session were also highlighted by the Governor's message to a joint

session of the House and Senate. Senator Farabee applauded the Governor's proposals dealing with the reduction of violent and organized crime. Also to Farabee's liking was the Governor's promise to avoid any new taxes.

The Senator said he was particularly pleased with the attention the Governor gave to the medical malpractice problem. Farabee said that the malpractice insurance problem is one which affects every citizen and he indicated that the dilemma particularly affects areas of West Texas where the shortage of health care providers is critical. Senator Farabee has already introduced comprehensive legislation dealing with the malpractice issue.

Farabee acknowledged his support for many other issues touched on in the speech including the Governor's commitment to vocational education and maintenance of Texas' highway system.

Father Dies In Tipton, Okla.

Services were held Wednesday, Jan. 5, at the First Baptist Church at Tipton, Okla., for Bill (W. D.) Adams, 89, father of Mrs. Evelyn May of Hamlin.

He was a retired farmer. He is survived by his wife, the former Georgia Ann Savage, whom he married Jan. 24, 1913, in Eastland; eight children, one sister and one brother.

Attending the service from Hamlin were Mrs. May, J. B. and Betty May, Geneva and Earl Houghton, Louise and Patricia Stewart, Rev. Nathan Phillips, Gene, Altha and Ricky Adams.

Two Named On WTC Dean's List

David R. Branch and Michael Norris, both of Hamlin, were among the students who qualified for the Dean's List at Western Texas College, Snyder, during the 1976 fall semester.

Students named to the Dean's List must be enrolled for at least 12 hours of college credit work exclusive of physical education and make a grade point average of 3.5 or more on a 4.0 grade scale.

Branch, a sophomore Petroleum Technology major, has been named the recipient of a \$250 scholarship from the Snyder chapter of the American Petroleum Institute for the spring semester. The Snyder API chapter presents scholarships annually. Roger Valdez of Snyder, a freshman Petroleum Technology major, will also receive an API scholarship this spring.

It's always good psychology to ask yourself: "How can this be done better?" That way you'll not only be improving whatever you're working on, but you'll be improving yourself as well. And it's never too late to begin. At the age of 92, Justice Oliver Wendell Holmes read Plato to improve his mind.
